

Children's Social Care

Our Service

At Talking Life, we don't just deliver training. Our service starts at the development phase and carries right through to end of service impact reports, all delivered with our expert customer care.

Design All Talking Life training is bespoke to your organisation. The content of each session is discussed with you and formally signed off prior to delivery. Once the content is agreed, final course programmes and associated materials are developed and shared with you prior to delivery.

Delivery Our courses are delivered by exceptional, qualified trainers – specialists in their subjects – and feedback from our training is consistently rated 'excellent' or 'very good' by both delegates and those commissioning the courses.

Customer Care Our dedicated, professional customer team manages and carries out all communication between Talking Life and you, the client. They will liaise directly with you and the training will be monitored at every stage to make sure you are satisfied. Our head office team is experienced, enthusiastic and empathetic.

Online All of our courses can be delivered online via Zoom, MS Teams or your online platform of choice. Our training team has substantial experience of delivering successful training online with excellent outcomes. We provide materials to learners in an electronic format.

Booking System Talking Life has in place an established, bespoke, web-based Client relationship Management system, to organise and manage all training bookings, delegate bookings, trainers, materials, evaluations, and record keeping. Within this system is a client booking system which we are able to offer to our customers free of charge on most of our contracts.

Evaluation is a critical part of our process. All delegates complete an online evaluation form, as does our trainer, so that we may feed back to you any relevant issues raised as a result of the training.

Impact Our training doesn't end at evaluation. 3 months post-delivery, we send out a post-training impact survey to monitor the effectiveness that the training has had in your organisation.

Review Through our Service Delivery Management team we meet with our clients regularly to discuss past training and how improvements can be made (if any) and discuss any future training requirements.

Managed Training Service Talking Life has many years of experience managing training contracts of all kinds for various group sizes & across organisations. We recognise the care and attention to detail required to create the perfect training experience and outcomes.

We rigorously adhere to all available corporate training guidelines, local and national policies & requirements. So, whether you are looking for a one-off course or a bespoke programme we are confident we can offer you the right training for you.

Please ask about our volume booking discounts. The details of current offers can be found on our website at www.talkinglife.co.uk/offers

About Talking Life

Talking Life is the No. 1 choice for high quality training in the Adult & Childrens Social Care, Corporate and Healthcare sectors. Established for more than 25 years, we offer a portfolio of hundreds of online & in-house courses which we can deliver and tailor to exactly meet the requirements of our customers. We provide high quality training to more than 200 local authorities, social services departments, NHS Trusts and adult social care organisations throughout the United Kingdom. We are experienced in delivering contracts & projects small and large, have the capability to deliver complex training requirements for organisations, if required, across many different topics and are successful on a regular basis in bidding and winning training contracts through tender or competitive quotation.

Children's Social Care Training at Talking Life

Talking Life has one of the most comprehensive portfolios of Children & Family social care training in the U.K. We have specialist teams able to deliver everything from refresher & update training on Safeguarding Children to one-day and longer courses on Achieving Best Evidence, Understanding Section 47 and Attachment & Loss.

Talking Life trainers bring a wealth of experience, both as practitioners and as teachers to the training they deliver to clients in Children & Families Social Care. We have included many of the more popular and important courses here; however, if there is a topic missing from this extensive list, please feel free to contact us by phone, email or via our website and we would be happy to discuss your requirements with you.
